Double Degree

Students who study in the frame of a double-degree agreement are able to receive 2 degrees in the regular study time. Furthermore they gain international experience while studying or working abroad.

Double Degree at FHWS

- The FHWS double-degree program is based on a 4 year undergraduate study program with 240 Credit Points (CP) according to the European Credit Transfer and Accumulation System (ECTS).
- 90 CP or an equivalent number of the 240 CP have to be done abroad at the partner University. 60 CP of the 90 need to be accomplished in theoretical studies fixed by the partner University. The missing 30 CP in form of an internship abroad.
- Students who successfully pass the specific requirements of FHWS, which are layed down in the double-degree agreement, will receive the Bachelor degree of FHWS after graduating from their home University.

Program Structure

- Students study 1,5 - 2 years the regular program at their home University.
- Then they switch for 1,5 years to the partner University for studying and internship.
- After their time abroad they return back to the home University and complete their studies in 0,5 - 1 year.
